

## AGER AGENA FLAT SERIES

AGER Agena Flat Series wall mounted cabinets are cabinets that meet medium-sized network installation needs. Maximum robustness is provided thanks to the main carrier profiles mounted on the steel construction upper and lower frames of the cabinet. According to the equipment to be used, Mounting Rails can be adjusted in the depth of the cabinet. Thanks to its wall-mountable structure, its functionality increases, creating big solutions in small spaces. In addition to its technical and robust structure, it has an aesthetic appearance with its decorative metal frame.

### Material

- 6112 DC01

### IP Classification

- As a standard IP20

### Color Options

- RAL9005 Black
- RAL7035 White

### Loading Capacity

- Recommended up to 50 kg Loading capacity

### Doors

- Door options are available.
- Single point locking system.
- Doors can be opened to 236 degree.
- Doors can be opened to left or right direction.

### Mounting Rails

- 1.5mm DX51D galvanic
- 19" Mounting rails; adjustable in depth of the cabinet

### Bottom and Top Sheet

- A microjointed cable entry is available.

### Ground Contact

- Leveling feet options are available.

### Top Sheet

- A microjointed cable entry is available.

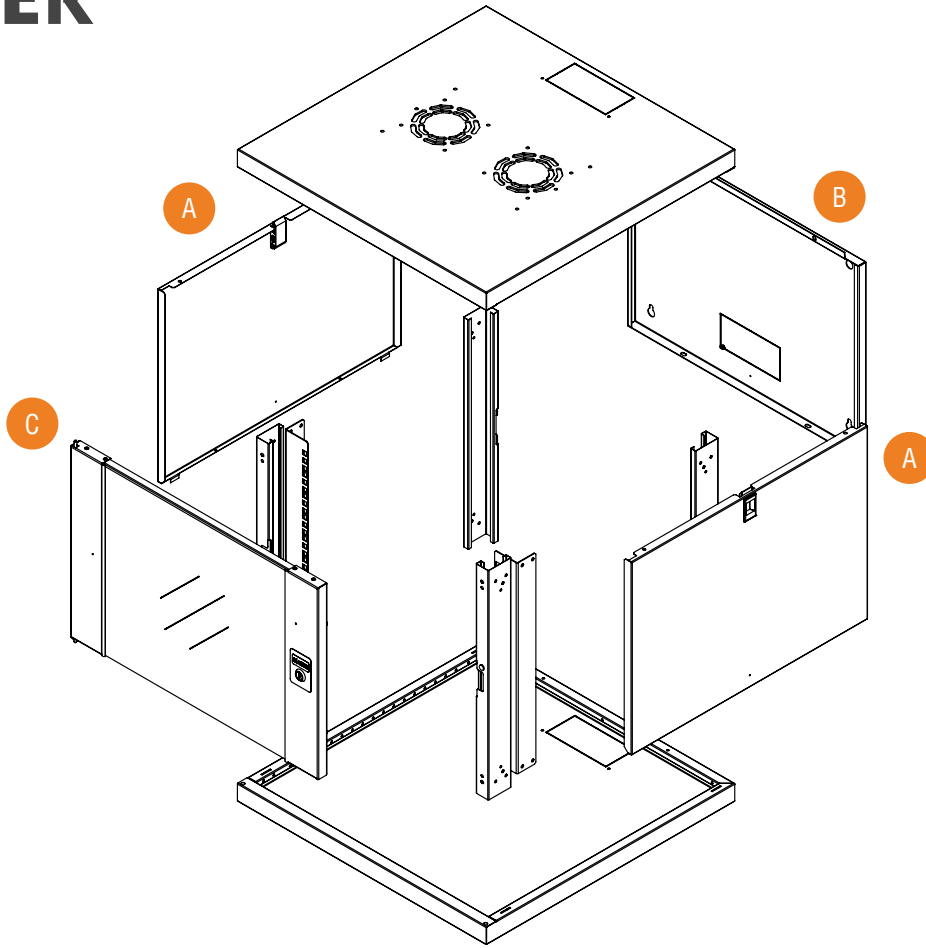

### Side Panels

- Side panels are removable.

### Color Options

RAL7035 Grey

RAL9005 Black
