

FIBER DIN RAIL (AFPP4-28-0GR)

Product Overview

A Fiber DIN Rail system is used in fiber-optic infrastructure to mount and organize fiber components on a standard DIN rail (TS35, 35 mm). It provides a modular, space-saving, and service-friendly solution, especially in telecom cabinets, outdoor enclosures, and industrial panels.

- **Modular design, easy expansion**
- **Space efficient, ideal for compact cabinets**
- **Fast installation, tool-less mounting**
- **Clean fiber routing, easier maintenance**
- **Industrial standard, vibration-resistant**
