

FREE STANDING **VEGA** SERIES

AGER Server cabinets; designed for data centers, system rooms and telecommunication. They are the appropriate solution for your heavy equipment with strong structure and 1000kg loading capacity. They can be customized. Keeps your servers safe by working smoothly with air conditioning, cable management and other intelligent system applications.

Colour Options

RAL7035 Light Gray

RAL9005 Black

AGER

FREE STANDING **VEGA** SERIES

Cabinet Structure

Vega series cabinets reach the maximum strength with 45-degree vertical profiles fixed to special design monoblock welded bottom frame with steel screws. It is an ideal solution for your heavy equipment with up to 1000kg loading capacity.

The cabinets could be mounted side by side. They are network and server cabinets; suitable for office, system room, data centre, and cabling system installation. Compatible for all kind of 19" brands and models network and server equipments

During installation and while conducting routine maintenance and repair of installed equipment; removable side panels, rear door and the top plate allows to multiple easy access. Optimum depth for comfort cabling, server housing and equipment in the cabinets

Side panels, Front and rear doors are lockable and accessible with the same key. Front and rear doors could be detached and reversed to allow the door to open from the rear of the cabinet.

U Numbering

U numbering is printed with serigraphy to the mounting rails of the cabinet which helps to index of the devices housed in the cabinet.

Side Panels

The side panel model of VEGA series cabinets allows easy removal of side panels during assembly, maintenance and repair. The cylindrical locking mechanism is used on the panels.

The Additional Side Panels

The additional side panels are fixed inside the cabinet which increases the strength of the cabinet and creates space for the installation of wiring and PDU accessories inside. Optionally, these panels could be perforated if additional ventilation is required in the cabinet.

Top Cable Entry

In 600 width standard cabinets, there is no cable entry on the top of the cabinet.

In 800 width standard cabinets have cable entries on the top with the dimension of 70*316mm.

If needed, the configuration can be changed.

Bottom Cable Entry

There is a 250*350 sliding cable entry for 600 wide standard cabinets. The cables entering the cabinet are clamped without being damaged because of the cable entry module with rubber edge and maximum sliding distance. Protection against undesirable substances and dust that could enter under the cabinet is provided.

In 800 width cabinets; additionally to the 600 width standard cabinets, two pieces 70 * 316 brushed cable entry halls are available that offers 3 different cable entry points from the base of the cabinet. If needed, the configuration can be changed.

Side Horizontal Support Bar

Cabinets are supported by side horizontal support bar through depth and height directly proportional.

Wheel

Optionally, a wheel group with and without brakes is offered.

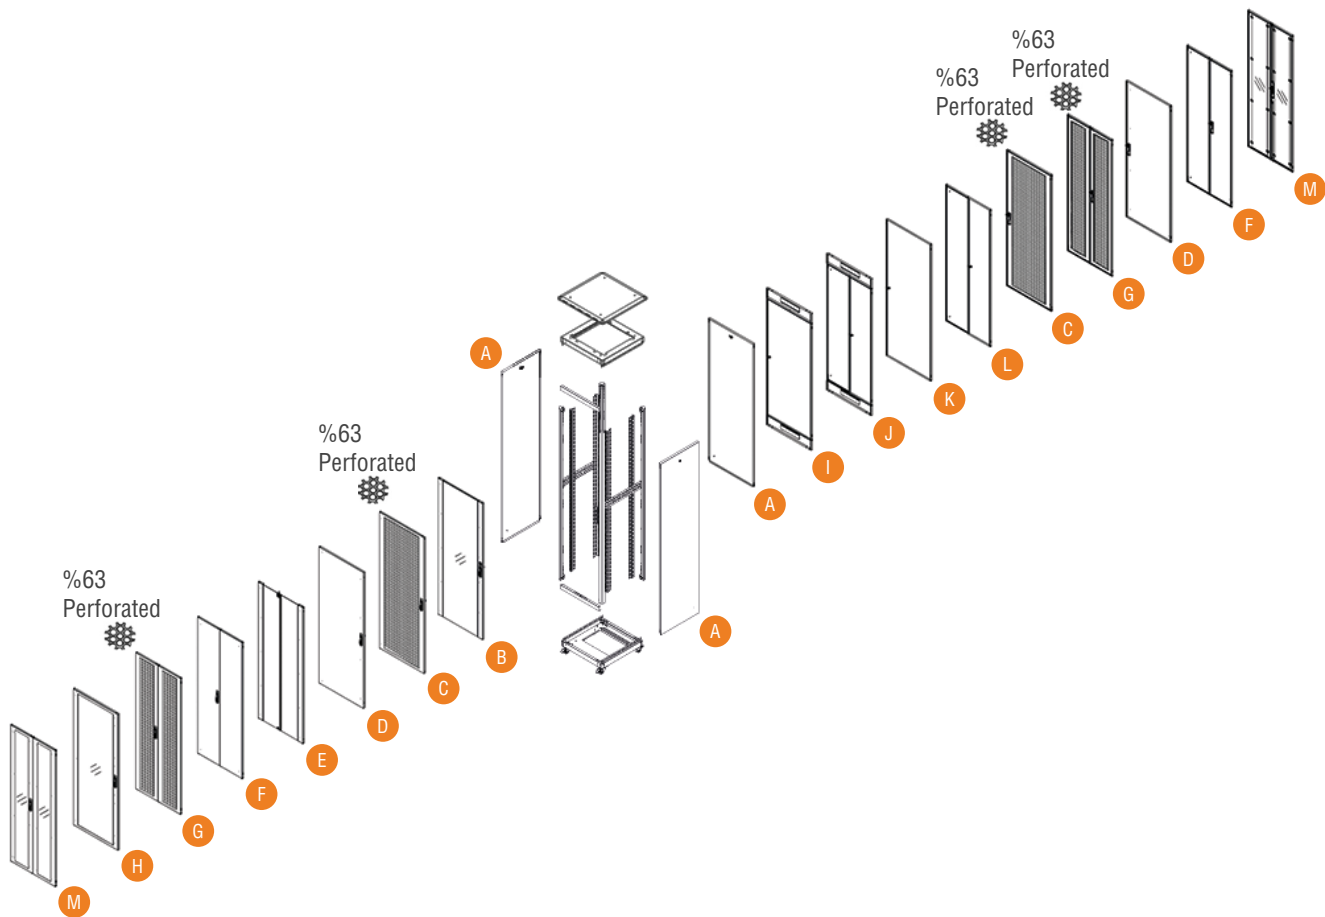

Pinion Feet

The height of the cabinet and its balance can be adjusted according to ground conditions with 4 height-adjustable pinion feet optionally attached to the lower corners of the cabinet.

- As a standard IP20
- IP40 when solid matel panel applied for all access

Color Options

- RAL9005 Black
- RAL7035 White

Loading Capacity

- Recommended up to 1000 kg
- Loading capacity

Doors

- Door options are available.
- Single point locking system
- Doors can be opened to 110 degree.
- Doors can be opened to left or right direction

Mounting Rails

- 19" Mounting rails; adjustable in depth of the cabinet
- 1.5mm DX51D+ZN275 galvanic

Side Panels

- Locking system is available,
- Side panels are removable.

Bottom

- Sliding cable panel

Rear Door

- Brushed cable entry holes available bottom and top side of rear door
- Rear door is lockable.
- Rear door options are available

Ground contact

- Caster and levelling feet options are available
- Plinth is available as an option.

Top Sheet

- Fan module is available as an option
