**AGER****19'' WALL MOUNTED SOHO B SERIES**

AESTHETICS

Aesthetic and stylish design helps to adapt easily to usage places. Front glass is 4mm, smoked, tempered, high resistance to fracture and full-length with cam lock.

PURPOSES of USE

Assembly of small systems.
Network floor distributions.
Wall type network installation applications.
Distribution terminal.

WALL MOUNTING

After fixing the rear panel to wall, the cabinet to be hanged over the rear panel. Then cabinet's fixing to the wall is completed.

VENTILATION

Two ventilation holes on the top sheet allows to passive ventilation by convection when the fan module is not assembled and active ventilation when the fan module is assembled.

CABLE ENTRY

Cable entry can be provided in 3 way access through the cable entry points on the top cover, bottom cover and rear door of the cabinet. In one of these halls, there is a brushed cable entry and in the others, there are PVC dummy plates. To prevent dust entry; dummy plate can be replaced with a brush strip wherever the cables will enter.

**AGER****19'' WALL MOUNTED SOHO B SERIES**

VOLUME

Soho Cabinets have all the internal volume needed for cabling of Switch, Router Patch, Panel, Socket and similar network equipment.

ADJUSTABLE MOUNTING RAILS

According to the dimensions of the devices to be used in the cabinet, mounting rails; can be moved at certain intervals and fixed to the required depth, thus inside of the cabinet is used most efficiently.

AG	SH	07U	51	40	S1	C	B	A	A	B	D1
